

PURE™

TEA TREE OIL

HVAC AIR DEODORIZER

One simple system to enhance the maintenance of clean and healthy air in your home or building.

Pure Tea Tree Oil™ contains Australian Tea Tree Oil, which is a completely natural product obtained by steam distillation of the leaves of “*Melaleuca Alternifolia*” – a natural plant species native to Australia.

Tea Tree Oil is a proven natural broad spectrum fungicide / germicide / biocide which is very effective against a wide range of bacteria, yeast's, molds and fungi at a low minimum inhibitory concentrations (MICS)

Pure Tea Tree Oil™ is packed into sealed, drip free, plastic containers in various sizes. Simply insert the containers in the air-handler unit. The Tea Tree Oil will start dissipate into the ventilation system distributing a very pleasant Eucalyptus & Lemon like scent throughout the ventilation system and the entire home or building.

Pure Tea Tree Oil™ CONTAINS 10% OF THE FINEST PHARMACEUTICAL GRADED TEA TREE OIL.

Schedule of minimum inhibitory concentration of Tea Tree Oil

Gram – ve

Legionella spp. 0.15 - 1.0

Bacteria

Enerobacter 0.3
 Eschericia coli 0.3
 Klebsiella Pneumonia 0.3
 Proteus vulgaris 0.2 – 0.3
 Pseudomonas putida 0.5
 Serratia marcescens 0.2 – 0.3

Gram + ve

Bacillus cereus 0.3

Bacteria

Bacillus subtilus 0.3 – 0.4
 Corynebacterium spp. 0.2 – 0.3
 Micrococcus luteus 0.2 – 0.3
 Propionibacterium acnes 0.4 – 0.5
 Methicillin Resistant
 Staphylococcus aureus 0.2 – 0.3
 Staphylococcus epidermis 0.5
 Enterococcus faecalis 0.5 – 0.75

Fungi & Yeasts

Aspergillus niger 0.3 – 0.4
 Candida albicans 0.2
 Trychophyton mentagrophytes 0.3 – 0.4

Aspergillus flavus 0.4 – 0.5
 Piryrosporum ovales 0.2
 Trychophyton rubrum 1.0

Breathe Easier "The Natural Way"

Now you can enhance the quality of your air

by distributing Tea Tree throughout
heating / A.C. ductwork system.

Pure™ Tea Tree Oil

The Next Level of Air Quality

After your system is professionally cleaned, Pure™ Tea Tree Oil dissipates into your ventilation system and throughout your home or building. Tea Tree is a natural, simple, and effective solution for controlling yeast, fungi and mold.

Pure™ Tea Tree Oil

Is a patent pending formulation containing pure, distilled pharmaceutical graded Australian Tea Tree Oil in a solid bio-degradable gel composition.

Tea Tree Oil is the essential oil obtained by steam distillation of the leaves of *Melaleuca Alternifolia*, which is a native species found in Northern New South Wales, Australia.

Tea Tree Oil is known as a broad spectrum fungicide/germicide/biocide, which is effective against a very wide range of bacteria, yeasts, mold and fungi at very low minimum inhibitory concentrations.

Tea Tree Oil is a completely natural product obtained from a renewable resource.
